

Spring 2010

Dear Sisters and Brothers:

**RE: 2010 UNITED WAY – CENTRAIDE CAMPAIGN**

The Canadian Labour Congress is once again proud to support the 2010 United Way – Centraide Campaign. Over the past year and a half, we have seen the impact of economic failure on working families and our communities. The resources provided by United Way – Centraide funding have been essential in keeping working families and our communities strong and vibrant.

In 2009, despite a precipitous economic collapse during the campaign period, almost 56 percent of all donations nationally came from individual workplace donations. This was an increase from the previous year. I am proud to say that working people are the backbone of United Way – Centraide!

United Ways – Centraides have been our community partners for many years and I encourage you to continue to be generous with your time, your energy and your money in the up-coming campaign.

In solidarity,

**Kenneth V. Georgetti**  
President
