Dear Sisters and Brothers:

Re: 2011 United Way–Centraide Campaign

The Canadian Labour Congress has a long history of proudly working with the United Way–Centraide (UW-C) movement across Canada and I am once again pleased to endorse their upcoming campaign. These annual campaigns bring together much needed resources for our communities – financial and human energy. As United Way's Centraides continue their transition to organizations that identify and address the root causes of social problems in our communities, I look forward to our partnership continuing to strengthen.

Working people remain the backbone of the UW-C, contributing over 50 percent of the national campaign total and it's vital that we continue to play this role. We've seen what economic crisis can do to individuals, families and entire communities. It's by working together, supporting one another, that we can strengthen and protect the health and prosperity of our communities.

Please continue to show generosity to the UW-C during the 2011 Campaign in time, energy, and money in the upcoming campaign.

In solidarity,

Kenneth V. Georgetti
President
